WAJID ALI ANSARI

Pune, Maharashtra, India | 9919439901 | aliwajid04786@gmail.com | linkedin.com/in/wajid-ali-ansari

PROFESSIONAL SUMMARY

AI Engineer with an M.Tech in Computer Science and hands-on experience building and deploying production machine learning systems. Skilled in Python, TensorFlow, PyTorch, FastAPI, and LLM tooling (LangChain, LangGraph). Improved model accuracy from 87% to 94% and delivered sub-100ms inference APIs serving 500+ daily requests. Published two research papers on biometric vein recognition.

TECHNICAL SKILLS

Languages: Python, SQL, JavaScript, R (using Python)

AI / ML: Machine Learning, Deep Learning, Neural Networks, Generative AI, RAG, LLM Fine-tuning, Multi-Agent Systems, Computer Vision

Frameworks & Libraries: TensorFlow, PyTorch, Keras, Scikit-learn, LangChain, LangGraph, NumPy, Pandas, Matplotlib, OpenCV, Beautiful Soup

Backend & Data: FastAPI, Streamlit, ETL Pipelines, Web Scraping, Regex

Databases: MySQL

Tools: Git/GitHub, VS Code, Jupyter Notebook, Google Colab

EXPERIENCE

Machine Learning Engineering Intern, FlyRank AI September 2026 – Present

- Developed and deployed FastAPI microservices for AI model inference, achieving under 100ms latency on production models handling 500+ daily requests.

Python Development Intern, Cognifyz Technologies September 2024 – October 2024

- Built Python validation tools, including an Email Validator and a Password Strength Checker, using regular expressions.
- Developed a web scraper and data visualization projects using Python libraries such as Pandas and Matplotlib.
- Implemented file-handling scripts to read, write, and process text files, and automated repetitive tasks.
- Created logic-based programs, including a Number Guessing Game, to strengthen problem-solving and debugging skills.

PROJECTS

AI Chatbot with UI LangGraph · Streamlit

- Developed a workflow-based AI chatbot using LangGraph for structured conversation, with a Streamlit user interface.

PDF to Word Converter Python · Streamlit

- Built a Streamlit app that instantly converts uploaded PDF files into editable Word (.docx) documents through a simple, user-friendly interface.

PUBLICATIONS

An HGF-Based Innovative Methodology Integrated Multiple Biometric Fingers Vein Templates Identification Algorithm

Wajid Ali Ansari (first author), Somendra Tripathi, Abhay Shukla

ResMilitaris, Vol. 15, No. 1, Spring 2025, pp. 67–77 | ISSN 2265-6294

- Proposed a finger vein recognition method using a hybrid BM3D filter with group sparse representation for denoising, LBP and SIFT for feature extraction, and a neural network for classification.
- Evaluated on the HKPU and SDU finger vein databases in MATLAB; achieved lower equal error rates than existing methods.

The MCMT Methodology Utilising Face Veins to Identify Humans

Wajid Ali Ansari (first author), Somendra Tripathi, Abhay Shukla

ResMilitaris, Vol. 15, No. 1, Spring 2025, pp. 79–92 | ISSN 2265-6294

- Developed a biometric identification method that extracts facial vein patterns from thermal images, builds a minutiae graph, and derives a Minimum Cost Minutiae Tree (MCMT) using Prim's/Kruskal's algorithms.
- Generated a unique pre-order traversal string per individual for matching; reported 95% identification accuracy.

EDUCATION

Master of Technology, Computer Science and Engineering April 2023 – May 2025

Rama University, Kanpur | 77.5%

Bachelor of Technology, Computer Science and Engineering August 2019 – July 2023

Rama University, Kanpur | 79%

Intermediate (Class 12th, PCM) 2013 – 2014
S. Kisan I.C., Ballia, U.P. | 85%

High School (Class 10th, Science) 2010 – 2011
J.S. I.C., Kushinagar, U.P. | 58%

CERTIFICATIONS

Python & Data Science: Introduction to Python (Analytics Vidhya)
Python for Data Science (IBM)
Python & SQL (HackerRank)
R using Python Workshop;
Ignition 8.3 (Inductive University)
Databases & Algorithms: Fundamentals of Databases (SkillUp by Simplilearn)
NPTEL (IIT Kharagpur): Data Structures & Algorithms using Java
NPTEL (IIT Kharagpur): Introduction to Algorithms & Analysis
Virtual Internship & Simulations: Python Development Intern, Cognifyz Technologies
Deloitte Australia – Cyber Job Simulation
Deloitte – Data Analytics Completion Certificate

ACHIEVEMENTS

- Participated in Information Technology Quiz by Council of Science & Technology, U.P.
- Active participant in I.I.P.R. Kanpur seminar on communication and leadership.
- Scout participant at school, block, and district level.
